Highlights

a la carte
Lighting the way you want it! A la carte is a simple concept that allows the combination of different fixture frames and shade options to create a custom look from standard components.

Indoor
When decorating your home with light, consider if the area requires general lighting, accent lighting, task lighting, or perhaps all three, to complete the necessary layers of light for comfortable ambience.

Organic Modern style
Forecast Organic Modern combines clean, contemporary designs with natural textures, colors, and materials. The combination makes for inspired, appealing lighting that works with a wide range of interior themes

Order holder separately
Select the appropriate pendant, chandelier or sconce holder for your application from our wide selection, and then choose the shade or glass option designed to install perfectly onto the holder to complete your customized light fixture.
